 - Enables control over multiple farms from a single login

Stay Connected, Stay on Top

The Munters Communication Package provides a range of products designed to enable anyone having a PC or mobile device, along with access to the cloud, to manage his farms anytime, anywhere.

Communicator 2.0 provides you with complete access to your Munters controllers, including monitoring and control capabilities, from any device, anywhere. In addition, 24/7 alarms and events monitoring keeps updated in real time to what is happening on your farm, From one computer, tablet, or smartphone, you can manage an entire network.

For users who require complete web access capabilities without alarms and events monitoring, Comm-Box provides a cost-effective alternative. Comm-Box supports all access and data functionality provided by Communicator 2.0, both locally and remotely.

In addition, Comm-Box can act as an add-on for users wanting to add web-access to legacy Communicator units.
